Plans for 2025

Following the great success of DrupalCamp 2024, in 2025 we plan to hold one intensive day of knowledge, with a great integration at the end!

With your help, we can make it happen!

LET'S MEET IN WARSAW!

This time, DrupalCamp Poland takes place in **Warsaw**. The city proved to be the best place for the conference, for a variety of reasons:

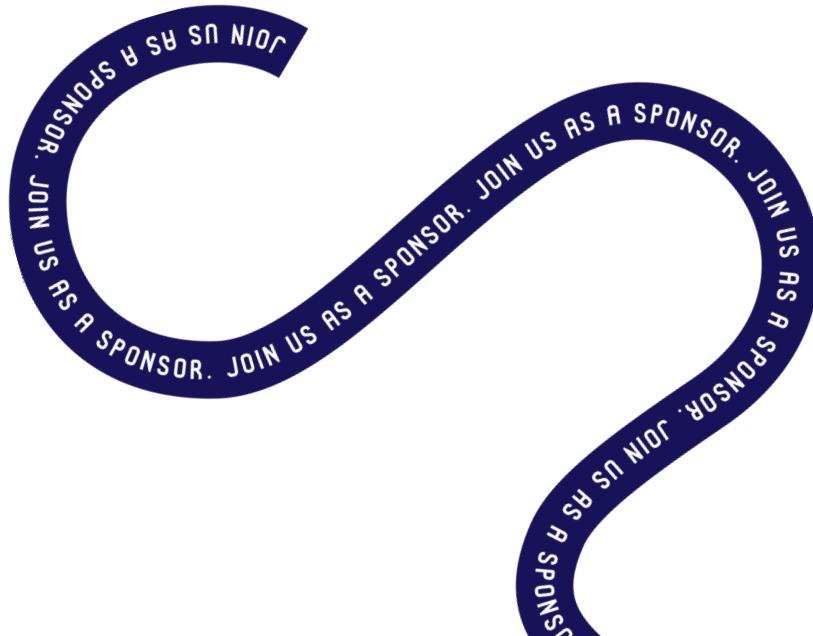

- Direct flights, road and train connections with the biggest cities in Poland and the rest of Europe.
- Easy-to-find, affordable accommodation and inexpensive public transport.
- It's the largest educational centre of Poland and one of the best economically performing cities in Europe making it the perfect place for business.
- Large numbers of bars and pubs that offer something for everyone.

WHAT'S IN IT FOR YOU AND YOUR COMPANY?

First of all, **your logo will be visible all the time**. We'll put it on our **"Sponsors" page** and, for the most generous supporters, **on the main page** too, so it's literally one of the first things that every attendee see.

Each sponsor will receive **mentions on Facebook, Twitter and LinkedIn posts** that are sent during the event. What's more, we'll put your name or the name of your company not in one, but **two e-mails** that will be delivered to the attendees before the conference.

Again, we'll enable the most generous sponsors to use those e-mail as a way to **connect with the best Drupal experts** there are in Poland. **Invite them for the interview** to fill the positions in your company or **schedule a chat** over the coffee or the beer, whichever you prefer.
